**Part VI: Writing (10 × 0.5 = 5 marks)**

Write a short paragraph (6–8 sentences) about **your free time activities during the weekend**

During the weekend, I love to relax and have fun. I often spend my free time playing video games with my friends online because it feels like we are on a team together. Sometimes, I go outside to ride my bike around the neighbourhood or play football at the local park. If the weather is bad, I usually stay in and watch an interesting movie with my family. I also enjoy listening to my favourite music and drawing pictures in my sketchbook. These activities help me feel happy and recharged for the school week ahead.
