Reading comprehension

Hello, my name is Tom. I live with my family in a small house. My mother is a doctor, and my father is a builder. They work hard and come home late every day. I have one sister, Sarah, and one brother, Jack.

Every morning, my mother prepares breakfast while my brother and I make beds and tidy rooms. My father is the one who cleans the table, while my sister Sarah washes the cups and dishes. After that, my father takes out the rubbish. Jack is the one who feeds the dog, the cats and the birds before going to school. In the evening, when we get back home, my father and Jack walk the dog. My mother, my sister and I prepare dinner. We are happy to be a caring family.

A dog needs proper care and attention to stay healthy and happy.

I take good care of my dog by following a daily routine. I usually feed him healthy food twice a day and always keep fresh water in his bowl. Every morning, we go for a walk in our neighborhood park. Remember to brush his fur regularly to keep it clean and soft.

Give him love and attention by playing with him. Lastly, don't forget to take your dog to the vet for regular check-ups to keep him happy and healthy.
