

Test (first term 6th grades national curriculum)

Dear Adam my new pen friend

My name is Selina Spencer. I am eleven years old. I live in Liverpool the birth place of Shakespeare in England. My father is David, and he is a very talented engineer who works at an oil and gaz company. My mother's name is Rita and she is a doctor in a clinic. I study at a private primary school. And I love all my friends , teachers and the working staff there. In my free time, I love doing a lot of different things. For example, when I wake-up in the morning, I enjoy playing video games on my father's mobile phone. I play Free-Fire and Pubg with different people from around the world. After lunch I am crazy about playing puzzles with my little sister Clara. She is a very brilliant and clever girl. She always wins the bet. In the afternoon, I sometimes read a short story and explore some interesting adventures. These are the things I love doing in my spare time, and I am impatiently looking forward to hearing from your. Write me back soon.

Your pen friend Selina

*I have an urgent meeting(**on/at/in**) the 3rd of March tomorrow. And the manager told me to be on time (**at/on/in**) 09:00 o'clock. He said that (**in/at/in**) 2005 the company had a big problem that is why we need to solve.

* The second World War took place (**in/at/on**) 1945.

→ WRITING

Every weekend, your family go out on a picnic to the park. Write a letter to your pen friend in which you speak about the things you enjoy doing there. Try to speak about the activities you love doing in your spare time too.

Dear Friend,

My name is and I am years old. I love going out on weekends. Therefore, every Saturday my father takes all of us to the park. My mother always packs food, drinks and snacks to enjoy eating there. As soon as we arrive. My parents spread a large carpet on the green fresh lawn and enjoy the warmth of the sun rays, listen to the tweets of nightingales and smell the fragrance of the daffodils. My siblings and I enjoy playing on the slide , the seesaw and the swing. After that , we join our parents to have a delicious meal. In the evening, we play cards and drink hot tea.

What a wonderful joyful day .
